

ImpactSAFE Protection Post

Medium Duty Protection Post - Ideal for keeping pallet trucks and MHE away from equipment, vulnerable services and building projections, which would otherwise result in personnel safety issues and impact damage.

This product combines the strength of a steel core and baseplate, with the impact absorption of a rubber buffer. Sleeved in highly visible Safety Yellow Polyethylene, our Protection Posts are low-maintenance, with no requirement for repainting going forward.

Product Features

Cost-effective, highly visible protection post

Steel baseplate and core provides strength and robustness to absorb impacts

Yellow polyethylene sleeve takes all knocks and impacts without the need for repainting

Perfect solution for warehouse door protection

Technical Details

600mm, 800mm and 1000mm high post options

Bolt down fixings 4 No. M12 x 100mm

Supplied with a shock absorbing rubber pad that sits on top of the baseplate

Product Specification

Material	Mild Steel/Polyethylene
Height	600mm, 800mm or 1000mm
Post diameter	123mm
Recycling group	Mild Steel/PE4
Bollard core	114mm Diameter
Rubber buffer	242mm x 215mm
Base plate	180mm x 180mm
Rotating sleeve	123mm Diameter with a 3.5mm Wall
Fixing anchors	Rawl R-SPL-1012/40 Safety Plus Anchors M10 x 120mm (3)
Temperature range	Use in ambient, chilled and freezer environments
Colour/finish	Hot Dip Galvanised to BS EN ISO 1461/Yellow & Black
