

MHE / PIT GUARDRAIL SYSTEM

A modular warehouse segregation safety barrier to define trucking routes and walkways

Features & Benefits

- Used to define forklift trucking routes – eliminating impact risk to building columns & mezzanine / conveyor supports
- Designed to deal with low-level fork penetration into pedestrian walkways (particularly relevant for Low Level Order Pickers LLOP's)
- Lower Rails to have debris & cleaners seal to floor
- Posts fitted with impact absorbing rubber pads

Technical Specification

UK Manufacture

- Height - 1100mm (BS 6180:2011 / EN 1991-1-1 Eurocode 1)
- Post Centres - 1850mm (typical)
- Colour - Powder Coat Finish RAL 1023 (Yellow)
- Heavy duty lower rail 120 x 80mm, Mid + Top Rails 80 x80mm
