

# Vehicle Wheelstop Range

New Commercial Vehicle Specification

## Features & Benefits

- Our UK manufactured wheelstop range is a radical step forward in design & performance
- Utilised to provide a positive stop for vehicles using parking bays
- A range of heights to suit artics, double deckers, lorries, vans & cars
- The HGV/HLGV wheelstops incorporate a design feature that will allow the trailer to be 'pulled back over the wheelstop' in the unlikely event the trailer should override the parking position
- A truly innovative product that balances cost, performance & long life correctly

## Technical Specification

UK Manufacture

- Manufactured from 95% recycled truck tyres in the UK
- 50mm Glass bead reflective yellow stripe, moulded in for pedestrian & driver visibility
- 5 no M16 Floor Anchors provided for concrete or tarmac installation
