

Sign PostWRAP Protector Kit

A 2 piece clam-shell designed Sign Post Protector with high density foam impact cores

Features & Benefits

- A 2-piece clamshell design – easy to install
- The tough Polyethylene cover provides colour, visibility & a maintenance-free housing (no rust or re-paint)
- At 1250mm High (complete with Diamond Grade Reflective Bands), this protector kit will be seen by domestic vehicle drivers in all weathers day or night
- The 8 No. M8 Security Bolts make removal of half the unit for access to inspection covers a 2 minute job
- Can be used 'Double Stacked' at 2500mm high to suit HGV cab level visibility

“A radical and unique designed solution to vulnerable sign posts that cause lots of damage to cars & huge costs of repair / replacement of sign posts”

Technical Specification

- 1250mm High, outer diameter 285mm – max internal diameter 210mm
- Manufactured in the UK from Polyethylene
- High density impact cores – water and rot proofed
- Suits standard sign posts 140/76mm, 168/89mm, 193/114mm & 210/140mm diameters
- Please quote sign post base diameter & neck diameter (at 1250mm AFFL)
