

Single Bumper Pedestrian Barrier

Extra deflection and strength to increase safety of pedestrians.

Where pedestrians and MHE frequently pass each other, there is no better protection than the pedestrian bumper barriers. Easy to see and durable, they are ideal for warehouse and pedestrian segregation.

These barriers have been tested to meet and exceed the global PAS 13 standard, as independently certified by TÜV Nord.

Product Features

- Deflects under impact without damaging
- Quick and easy installation - all fixings provided
- High visibility colours clearly highlight safe pedestrian areas
- The bumpers add extra deflection, strength and safety to pedestrian barriers

Technical Details

- Use in ambient, chilled and freezer environments
- Non toxic and fade resistant material
- Fully recyclable
- Suitable for use in food production facilities and freezer environments

Product Specification

Material	High density polyethylene (HDPE) polymer
Height	1170mm
Width	300mm (footplate)
Length	900mm upwards
Temperature range	Use in ambient, chilled and freezer environments
Floor anchors	Hilti HSA4
Colour options	Hi-Vis Yellow & Blue Safety Yellow & Grey
Barrier option	Single Bumper
Tested Impact Energy (J)	11,000*
Deflection (mm)	224

*Based on impact at 90°
