

Brandsafe

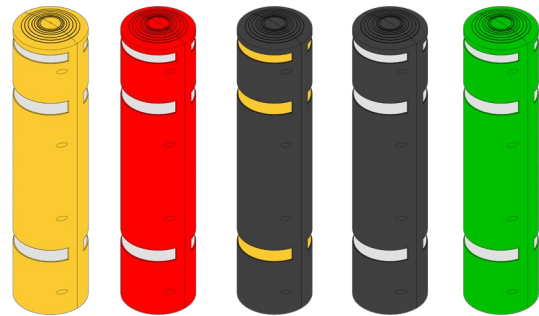

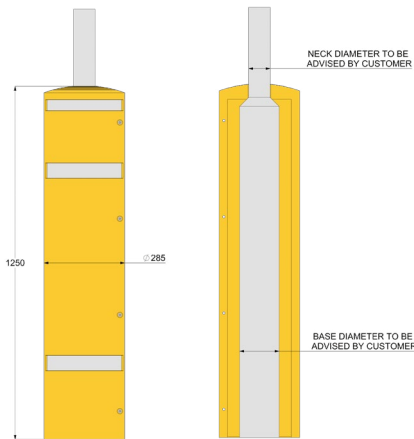

Lamp Post Protector

Lamp post protector, designed to keep vulnerable posts safe from shunts and low-speed impacts while also making them more visible to pedestrians and drivers. This protector features a high-density foam impact-absorbing core that provides unbeatable protection for your lamp and sign posts.

Features and Benefits

- Easy to install clam-shell design.
- Highly visible colours and diamond-grade reflector band.
- Foam core absorbs impact to reduce damage to both post and vehicle.
- Manufactured in the UK from polyethylene.
- Replace the post wrap, not the post itself!
- Available in 1250 mm high kits.
- Can be double-stacked for 2500 mm high commercial vehicle protection.
- Suitable for posts with diameters of 50 mm – 210 mm.
- High density impact cores – weather proof.
- All kits come with a foam core suitable for all sizes.
